

Foundation of toilets for Boys' Dormitory

Today students and teachers worked to lay the foundation of toilets for Boys' Dormitory. The construction work started with setting, digging the trench, and laying blocks. Behind people at work in the first three photos are toilet pit we dug before. We pray and hope all goes well despite financial deficit we have for the project. Thank you for your prayers and encouragement. We hope these photos prove that words are being put in actions. Enjoy the photos.

As I am writing this report to share with you today the 07th March, 2020, after working from morning to evening, in my spirit and mind this song came along;

***We shall overcome. We shall overcome. We shall overcome some day.
Oh, deep in my heart. I do believe. We shall overcome some day.***

God bless you, your family, work, and ministry in Christ.

Tito Kilale
